

## TWO MESSAGES PRESENTED

Finances and Hawaiian Documents Read.

## IN SENATE AND HOUSE.

The President's Plan to Sell Bonds. Action Urged. Minister Wills' Telegram About the Hawaiian Insurrection is Referred.

By Southern Associated Press.

WASHINGTON, February 8.—House.—The House today entered upon the consideration of the Legislative, Executive and Judicial Appropriation bill for the year ending June 30th, 1896, but made little progress. An amendment to the paragraph providing for the payment of clerks to members offered by Mr. Bartlett, (Dem.), of New York, and to make then annual instead of session employees, led to an animated debate upon the economy and wisdom of giving members the assistance of clerks. Amendments were all rejected but upon the adoption of Mr. Bartlett's proposition a quorum did not vote. All efforts to secure a quorum proved fruitless and finally they were abandoned and the further consideration of the bill postponed.

The messages from the President, announcing the sale of bonds and the protest of this Government against the execution of the court martial sentences upon the citizens of the United States, who engaged in the recent revolt in Hawaii, were received and referred, the former to the Committee on Ways and Means and the latter to the Committee on Foreign Affairs.

Mr. Boutelle endeavored to secure a reference of the Hawaiian correspondence to the committee of the whole on the state of the Union, but the Speaker held that a motion to that effect would not be in order.

A Senate bill was passed appropriating \$10,000 for the relief of the poor of the District of Columbia, also fourteen private pension bills.

The usual Friday night session for the consideration of private pension bills was omitted by unanimous consent.

SENATE.—Two very important communications from the President were presented to the Senate to day and were referred to their appropriate committees.

The first notified Congress that as a precaution against its failure to give legislative aid to the Treasury, arrangements had been made for a 4 per cent. "coin" bond, to run thirty years, at a premium which would make the actual interest 3 per cent., but, coupled with the condition that if a 3 per cent. "gold" bond were authorized by Congress within ten days, they would be substituted for the 4 per cent. bonds, thus saving \$539,159 in annual interest, and saving \$16,174,770 in interest for the full term of thirty years. Without any comment the message was referred to the Committee on Finance.

The other message attracted equal attention and gave rise to considerable discussion, after which it was referred to the Committee on Foreign Relations. It had reference to the death sentences imposed on the persons convicted of engaging in a revolutionary movement in Hawaii.

The general tone of the debate indicated the depth of feeling which exists against such a sanguinary measure—the only expression to the contrary coming from Mr. Morgan, who said that he had no advice to give to the Hawaiian government, but that if it yielded to the remonstrances of any other government to such a matter it might as well turn over its power again to the queen.

The diplomatic appropriation bill, with the amendment as to the telegraph cable to Hawaii, went over without action, and is to be voted on at 2 p. m. to-morrow.

At 5:45 p. m. the Senate adjourned.

## More Bodies from the Elbe.

By Southern Associated Press.

LONDON, February 8.—Fishing smacks brought two bodies to Lowestoft this morning. They are those of J. C. Dittich and L. Kinschen, saloon passengers in the Elbe.

A fishing smack arriving at Lowestoft this morning brought the Elbe boat from which the survivors of that ship were rescued by the Wild flower. A tug sail and rudder had been picked up at Lowestoft, which belonged to the boat which capsized while being launched from the Elbe.

Short of Coal.

By Southern Associated Press.

QUEENSTOWN, February 8.—The British steamer Glenochil, Captain Harrison, from New Orleans January 7th, via Newport News January 15th, for London, arrived here today short of coal. She reports: February 4th, 138 miles southwest of Kinsol, spoke the British steamer Loch Marree, Captain Allison, from Charleston January 15 for Bremen. The Loch Marree had run out of coal and had been obliged to burn all of her available woodwork, including her spare booms and spars. She is still off the coast of Ireland, proceeding under sail.

## THE COCKADE CITY.

Many Matters to Interest Petersburgers in Norfolk.

SPECIAL DISPATCH TO THE VIRGINIAN.

PETERSBURG, Va., February 8.—Invitations have been sent out to the city for the marriage of Rev. W. A. R. Goodwin and Miss Evelyn Tanner; on Tuesday, February 19, at 4:30 p. m., at St. Paul's Episcopal Church, in this city. Rev. Mr. Goodwin is the rector of St. John's Episcopal Church here, and the prospective bride is a most charming and attractive young lady of this city.

The cold here last night was intense and at an early hour this morning the thermometer in some places in the city registered zero. The weather is the coldest that has been experienced in this section for some years. A snow plow drawn by four mules had to be run twice today over the Petersburg Street railway line before the electric cars could be propelled with anything like the usual speed. A high wind has prevailed all day. The sleighing is fine and the merry jingle of the sleigh bells was heard until late this evening. On account of the heavy fall of snow, trains from all directions are considerably behind time.

Mr. Mike Trost has written here that he will not be able to sign with the Petersburg team this season. Mr. Trost, who was catcher for the home club last season, is now in Philadelphia.

The steamer McCall, of the Petersburg and Norfolk Steamboat Company, will not make her regular trip to day from Norfolk on account of ice in James river.

An application for an injunction restraining the city of Petersburg from making certain street improvements was presented to the Circuit Court of Petersburg to-day, and was continued to the 19th inst.

## CURES OTHERS.

Mrs. MARTHA JANE PRINGLE, of Chase, Jackson Co., W. Va., writes: "Having been a great sufferer for many years with nearly every disease my sex is heir to, I can now say I am well and hearty. Have done more hard work in the past year, and with more ease, than I have done for twelve years."

Before consulting you I was the most wretched of women, unable to walk or sit up in bed, and now I owe my good health all to Doctor Pierce's Favorite Prescription.

I send you my picture together with my most heartfelt thanks. To any one suffering as I did who wants to know the particulars of my case and who will send a stamped envelope with name and address on, I will write particulars."
